We're the location to get for your book that is called. And your own time to get this guide as on the list of compromises has already become ready. Curiosity brought him here. Curiosity and a talent for self-preservation. Earlier, Vanadium had not come to Naomi's graveside as a mourner. He had been there as a cop, on business. Perhaps he had been at the other funeral on business, too..Although she was aware that these extraordinary events would shape the rest of her life, beginning with her actions in the hours immediately ahead of her, she could not clearly see what she ought to do next. At the core of

her confusion was a conflict of mind and heart, reason and faith, but also a battle between desire and duty. Until she was. Junior tipped his head back and gazed up toward the section of broken-out railing along the high observation deck. Although he didn't believe in destiny, in fate, in anything more than himself and his own ability to shape his future, Junior couldn't deny how extraordinary it was that this woman should cross his path at this precise moment in his life, when he was frustrated to the point of cerebral hemorrhage by his inability to find Bartholomew, confused and nervous about the phantom singer and other apparently supernatural events in his life, and generally in a funk unlike any he had ever known before. Here was a link to Seraphim and, through Seraphim, to Bartholomew. He half expected to hear Thomas Vanadium in the distance, softly singing "Someone to Watch over Me." Hackachaks to browbeat him into a despairing, exhausted, disgusted compliance with their greed. Rearview mirror was not hung with one of those tacky decorative deodorizers. The seats, regularly treated with leather soap, were softer and more supple than they had been when the car had shipped out. Otter shook his head. "The doctors," he continued, "needed to repair damage to the left frontal sinus, the sphenoidal sinus, and the sinus cavernous, which had all been partially crushed by that pewter candlestick. Frontal, malar, ethmoid, maxillary, sphenoid, and palatine bones had to be rebuilt to properly contain my right eye, because it sort of ... well, it dangled. That was just for starters, and there was considerable essential dental work, as well. I elected not to have any cosmetic surgery." "Well, Uncle Jacob doesn't understand kids. Anyway, this is pretty good stuff." Dr. Chan's manner remained professional, providing the strength that Agnes required, but his pain was evident when his gentle voice softened further: "These tumors are so advanced, we won't know until surgery if the malignancy has spread. We may already be too late. And if we aren't too late, we'll have only a small window of opportunity. A small window. Eight days would entail too much risk." The longer he crouched, head cocked, breathing silently through his open mouth, the more convinced Junior became that he had heard a man approaching. Indeed, the terrible conviction grew that someone was standing immediately in front of the dumpster, head cocked, also breathing through his open mouth, listening for Junior even as Junior listened for him. On second thought—no. If Seraphim had told anyone she'd been raped, the police would have been at Junior's doorstep in minutes, with a warrant for his arrest. No matter that they would have no proof. In this age of high sympathy for the previously oppressed, the word of a teenage Negro girl would have greater weight than Junior's clean record, fine reputation, and heartfelt denials. She slipped into her shoes and stood for a moment watching his lips move as he gave thanks for his blessings and as he asked that blessings be given to others who needed them. "Those were Rowena's affectionate names for the boys when they were babies. Her private nonsense names for them, because she said they were like two beautiful little elves and ought to have elfin names." Shivering, Junior slammed the trunk lid and warily surveyed the lonely landscape. Black pines spread bristled arms through the chary night, and the moon cast down a jaundiced light that seemed to obscure more than it illuminated. Recuperating, he had plenty of time to practice meditation. He became so proficient at focusing on the imaginary bowling pin that he could make himself oblivious of all else. A stridently ringing phone wouldn't penetrate his trance. Even Bob Chicane, Junior's instructor, who knew all the tricks, could not make his voice heard when Junior was at one with the pin. She said, "Honey, what I'm wondering is ... could you walk where you don't have bad eyes, like you walked where the rain wasn't ... and leave the tumors in that other place? Could you walk where you have good eyes and come back with them?" Junior was less surprised by his sudden assault on Victoria than by the failure of the bottle to break. He was, after all, a new man since his decision on the fire tower, a man of action, who did what was necessary. But the bottle was glass, and he swung forcefully, hard enough that it smacked her forehead with a sound like a mallet cracking against a croquet ball, hard enough to put her out in an instant, maybe even hard enough to kill her, yet the Merlot remained ready to drink. Junior had thought the news was the lab report, which had found no ipecac in his spew. All that had been distraction. "Nervous," he said, and howled when one of the paramedics proved to be a sadist masquerading as an angel of mercy. He couldn't work up sufficient saliva to get the rasp out of his voice: "Then you could learn to do it." "Indeed, you did," said Magusson. "And I dismissed him as a well intentioned crusader, a holy fool. Looks like you had a better take on him than I did, Mr. Cain." "No. Rowena dropped those names after the twins' first year. She and I were the only ones who ever used them. Our private little joke. Even the boys wouldn't have remembered." Frustrated on many levels, Junior hurried to a parking lot one block from the detective's office, where he'd left his new Chevrolet Impala convertible. This Chinese-red machine was even more beautiful when wet with rain than it had looked polished and pristine on the showroom floor. SERAPHIM AETHIONEMA WHITE was nothing whatsoever like her name, except that she had as kind a heart and as good a soul as any among the hosts in Heaven. She did not have wings, as did the angels after which she had been named, and she couldn't sing as sweetly as the seraphim, either, for she had been blessed with a throaty voice and far too much humility to be a performer. Aethionema were delicate flowers, either pale-or rose-pink, and while this girl, just sixteen, was beautiful by any standard, she was not a delicate soul but a strong one, not likely to be shaken apart in even the highest wind. "I've already told them," Joey said, wheeling away from her and yanking open the door of the foyer closet with such force that she thought he would tear it off its hinges.
