Prior to his death, John Kennedy had promised that men would walk on the moon before the end of the decade. Barty wanted nothing so grand, only to read a few stories, to lose himself in the wonderful private pleasure of books, because soon each story would be a listening experience only, no longer entirely a private journey..Now the hole was revealed. Damp earthen walls. In the shadow of the casket, the bottom of the grave was dark and hidden from view..Somehow, Agnes knew that in his younger days, Obadiah had been a stage magician. Artlessly, she drew him out on the subject..Too much, far too much to contend with, and so unfair: finding the Bartholomew needle in the haystack, hives, seizures of vomiting and diarrhea, losing a toe, losing a beloved wife, wandering alone through a cold and hostile world without a heart mate, humiliated by transvestites, tormented by vengeful spirits, too intense to enjoy the benefits of meditation, Zedd dead, the prospect of prison always looming for one reason or another, unable to find peace in either needlework or sex..This galerieur was tall, with silver hair, chiseled features, and the all-knowing, imperious manner of a gynecologist to royalty. He wore a well-tailored gray suit, and his gold Rolex was the very watch that Wroth Griskin might have killed for in his salad days..Junior kept both forged driver's licenses in his wallet, in addition to the one that featured his real name. He stowed everything else in Pinchbeck's and Gammoner's safe-deposit boxes, along with the emergency cash..Someone named Bartholomew had adopted Seraphim's son and named the boy after himself Junior applied the patience learned through meditation to the task at hand, and instinctively, he soon evolved a motivating mantra that continuously cycled through his mind while he studied the telephone directories: Find the father, kill the son..Twilight, nearly gone and purple in the west, inspired a bright violet line along the crest of an incoming bank of bay fog, as though the mist were shot through with a luminous vein of neon, transforming the entire sparkling city into a stylish cabaret just now opening for business. The night, soft as a woman come to dance, carried a steely blade of cold in its black-silk skirts.. "Now, I'm doubtless," Vanadium said, his voice returning to the uninflected drone that Junior had come to loathe but that he now preferred to the unsettling voice of quiet passion. "No matter what the situation, no matter how knotty the question, I always know what to do.."Mrs. Lampion, in a case like this, I've found that the greatest mercy is directness. Your son has retinoblastoma. A malignancy of the retina." Wally Lipscomb's face, as long and narrow as ever, seemed not at all like the dour visage of an undertaker, as once it had, but rather like the rubbery mug of one of those circus clowns who can make you laugh as easily by striking an exaggeratedly sad frown as by putting on a goofy grin. She saw a warmth of spirit where once she had seen spiritual indifference, vulnerability where once she had seen an armored heart, great expectations where once she had seen withered hope; she saw kindness and gentleness where they had always been but now in more generous measure than before. She loved this long, narrow, homely, wonderful face, and she loved the man who wore it.."This card to mean also is family love, and is love from many friends, not just to be kissy-kissy love," Maria elucidated.."You better wise up, you tree-humping nitwit," Rudy advised Junior, grabbing the bed railing as if he might tear it off and use it to club his son-in-law senseless..Although, to her eyes, the natural world had an ominous cast this morning, she was also aware of its great beauty. She wanted Barty to store up every magnificent vista, every exquisite detail..After much oily commiseration, sanctimonious babble about Naomi having gone to a better place, and insincere talk of the government's desire always to ensure the public safety and to treat every citizen with compassion, Knacker or Hisscus, or Nork, finally got around to the issue of compensation..Because the glass wings of the open window didn't lie flat against the exterior wall, they blocked his view. He had to thrust himself farther through the opening, until he seesawed on the sill, before he could see the length of the entire block, in which the gallery stood at approximately the middle..This unflinching consistency of packaging enables card mechanics, professional gamblers, sleight-of-hand magicians-to manipulate a new deck with confidence that they know, starting, where every card can be found in the stack. An expert mechanic with practiced and dexterous hands can appear to shuffle so thoroughly that even the most suspicious observer will be satisfied-yet he will still know exactly where every card is located in the deck. With masterly manipulation, he can place the cards in the order that he wishes, to achieve whatever effect he desires..During the day and then following a dinner break, the Hackachaks persisted. The hospital had never witnessed such a spectacle. Shifts changed, and new nurses came to attend to Junior in greater numbers than necessary, using any excuse to get a glimpse of the freak show..At many houses, strings of Christmas lights painted patterns of color at the eaves, around the window frames, and along the porch railings-all so blurred by fog that Junior seemed to be moving through a dreamscape with Japanese lanterns..Besides, he couldn't any longer afford to spend endless hours either learning a new language or attending the opera. His life was too full, leaving him insufficient time for the Bartholomew search..Jabbing his forefinger at each of the remaining treats, Barty said, "Pie, pie.."After staring at the coins

for a long moment, Kathleen said, "I don't think any mystery writer has ever done a series of novels about a priest detective who's also a magician." "That wasn't gossip," Grace insisted. "I was just telling you that Paul got the swing repaired and rehung." While the doctor proceeded with his evening rounds, the nurse remained with Junior until it was clear that the tranquilizer had calmed him and that he was no longer in danger of succumbing to another bout of hemorrhagic vomiting. As "It is." From a desk drawer, Nolly withdrew an envelope and put it on top of the offered cash. "I'm returning five hundred of your thousand retainer." He pushed everything back toward Junior. He decided that he must never again kill so impetuously. Never. In fact, he vowed never again to kill at all, except in self-defense. Soon he would be rich-with much to lose if he was caught. Homicide was a marvelous adventure; sadly, however, it was an entertainment that he could no longer afford. Awed, dropping to one knee before Barty, Tom fingered the sleeve of the boy's shirt. When he killed the Bartholomew, this haunting would finally end, too. In Junior's mind, Vanadium and Bartholomew were inextricably linked, because it was the maniac cop who first heard Junior calling out Bartholomew in his sleep. Did that make sense? Well, it made more sense at some times than at others, but it always made a lot more sense than anything else. To be rid of the dead-but-persistent detective, he must eliminate Bartholomew. The cemetery had been mown for the holiday. The scent of fresh cut grass grew more intense the longer Agnes met her son's radiant green-blue gaze, until the fragrance became exquisitely sweet. Junior lifted the pattie with a fork, found no quarter under it, and put the meat on one half of the bun. He constructed the sandwich from these fixings, added ketchup and mustard, and took a great, delicious, satisfying bite. He might have felt properly foolish if he had not suffered so much personal experience of Enoch Cain. This was a false alarm, but considering the nature of the enemy, it wasn't a bad idea to put himself through a drill from time to time. Through the door came the sound of running water splashing in a sink. Neddy washing his hands. "You might as well beat a cloud for raining," said Otter's mother. And when she finally looked directly at him, blinked at him, her lashes flicking off a spray of fine droplets, Agnes saw that Barty was dry. Not a single jewel of rain glimmered in his thick dark hair or on the baby-smooth planes of his face. His shirt and sweater were as dry as if they had just been taken off a hanger and from a dresser drawer. A few drops darkened the legs of the boy's khaki pants--but Agnes realized this was water that had dripped from her arm as she'd reached across him to adjust the vent. Max hung up. The Ansaphone made a series of small robot-mouse noises and then fell silent. If he hadn't been such a rational, stable, no-nonsense person all of his life, Junior might have thought he was losing his mind. Without ceremony or prayer, although with much righteous anger, Junior hoisted the dead musician over the lip of the Dumpster. For a dreadful moment, his left arm tangled in the loosely cinched belt of the London Fog raincoat. Straining a shrill bleat of anxiety through his clenched teeth, he desperately shook loose and let go of the body. At eight o'clock in the evening, Junior parked two blocks past the target house. He walked back to the Prosser residence, gloved hands in the pockets of his raincoat, collar turned up. "The princess is correct," he acknowledged, revealing that this hand was still empty. Then he reached to the girl and plucked the quarter from her ear. Increasingly, he used meditation to relieve stress. He was so skilled at concentrative meditation without seed-blanking his mind-that half an hour of it was as refreshing as a night's sleep. "Nevertheless, even if Muffin assaulted you, she's otherwise such a sweet little thing. What would Maria think of you if you told her you'd smashed poor Muffin with a shovel?" Finally Vanadium said, "According to the lab report, the baby she was carrying was almost certainly yours." Bartholomew had been able to focus his eyes much sooner than the average baby was supposed to be able to focus. To a surprising extent, he was already engaged in the world around him. Her belief in fortune-telling and in the curious ritual she was about to undertake weren't condoned by the Church. Mysticism of this sort was, in fact, considered to be a sin, a distraction from faith and a perversion of it. While they waited for the room-service waiter to arrive, Tom got from Paul a detailed report of Enoch Cain's attack on the parsonage. He had heard most of it from friends in the state-police homicide division, which was assisting the Spruce Hills authorities. But Paul's account was more vivid. The ferocity of the assault convinced Tom that whatever the killer's twisted motives might be, Celestina and her mother-and not least of all Angel-were in danger as long as Cain roamed free. Perhaps as long as he lived. Bartholomew was dead but didn't know it yet. Pistol in hand, cocoon in tatters, ready to spread his butterfly wings, Junior pushed the door to the apartment inward, saw a deserted living room, softly lighted and pleasantly furnished, and was about to step across the threshold when the street door opened and into the hall came Ichabod. In the spring and summer of '66, he flew to Memphis, Tennessee, stayed a few days, and walked 288 miles to St. Louis. From St. Louis he hiked west 253 miles to Kansas City, Missouri, and then southwest to Wichita. From Wichita to Oklahoma City. From Oklahoma City east to Fort Smith, Arkansas, from whence he rode home to Bright Beach on a series of Greyhound buses. In bed, lights out, Junior marveled at his daredevil spirit. He never stopped surprising himself..than the left: slack yet with a pulled look. The left eyelid drooped. That side of her. Descending the stairs, Edom said, "September 18, 1906, a typhoon slammed into Hong Kong. More than ten thousand died. The wind was blowing with such incredible velocity; hundreds of people were killed by sharp pieces of debris-splintered wood, spear-point fence staves, nails, glass-driven into them with the power of bullets. One man was struck by a windblown fragment of a Han Dynasty funerary jar, which cleaved his face, cracked through his skull, and embedded itself in his brain." "Well, you're sweet, aren't you? And you're all bright red on the outside and milk chocolate inside," Celestina said, gently tweaking the girl's light brown nose. Sad symbols of a romance not meant to be, the red rose and the bottle of wine lay on the floor of the foyer. With the corpse gone, no signs of violence remained. But, ah, the heft of the candlestick, the smooth arc it made, and the crack of contact had been as hugely satisfying as any home-run swing that had ever won a baseball World Series. Traditional logic argued that an infant, no more than two weeks old, could not be a serious threat to a grown man. Although he was seventy-six, Tom still worked for Pie Lady Services. They had no set retirement age for staff, and Father Tom expected to die at his work. "And if it's a pie-caravan day, just leave my old carcass where I drop until you make all the deliveries. I won't be responsible for anyone missing a promised pie." by the ferocity of the beating and by years of fear and humiliation. So he opens his mouth, just to end it, just to be. His request felt like an assault. Agnes almost rocked backward as though struck. Sunday morning, when Agnes returned from church, Edom and Jacob joined her for lunch. During the afternoon, Jacob helped her bake seven pies for Monday delivery. Junior wasn't concerned that the shots would attract unwanted attention. These large rural properties and a plenitude of muffling trees made it unlikely that the nearest neighbor would hear anything. During the past ten days, he'd proved that he was clever, bold, with exceptional inner resources. He needed to tap his deep well of strength and resolve now, more than ever. He'd been through far too much, accomplished too much, to be brought down by mere biology. As though the blush were transmitted by a virus, Junior caught the primrose-pink contagion from the pianist. "Paul told us the night he first came to the parsonage. About Agnes here ... and what had happened to Barty. And all

about his late wife, Perri. I feel like I know Bright Beach already." On the other hand, one needed to believe in something. Junior didn't clutter his mind with superstitious nonsense or allow himself to be constrained by the views of bourgeois society or by its smug concepts of right and wrong, good and evil. From Zedd, he'd learned that he was the sole master of his universe. Self-realization through self-esteem was his doctrine; total freedom and guiltless pleasure were the rewards of faithful adherence to his principles. What he believed in—the only thing he believed in—was Junior Cain, and in this he was a fiercely passionate believer, devout unto himself. Consequently, as Caesar Zedd explained, when any man was clearheaded enough to cast off all the false. The sole male guest in whom he took an interest—a big interest was Sklent, the one-name painter whose three canvases were the only art on the walls of Junior's apartment. Hesitantly, the ivory tickler shook hands. "I'm ... uh ... I'm Ned Gnathic. Everyone calls me Neddy." This was a relaxation technique that had worked often before. He had teamed it from a brilliant book, *How to Have a Healthier Life through Autohypnosis*. As woe begone a widower as anyone could expect, Junior spent every night home alone. By Sunday, he'd slept without companionship eight nights since being discharged from the hospital. After tucking the flashlight under his belt, he grabbed the lip of the Dumpster with both hands. The metal was gritty, cold, and wet. By the time he went to bed Saturday night, the cards that had been only that morning were showing signs of wear. He looked up into the eyes of the stocky man with the birthmark. They were gray eyes, hard as nail heads, but clear and surprisingly beautiful in that otherwise unfortunate face. The man, whom the others called Licky, led him out into a hot, bright morning that dazzled his eyes. Leaving his cell he had felt the spellbonds loosen and fall away, but there were other spells woven about other buildings of the place, especially around a tall stone tower, filling the air with sticky lines of resistance and repulsion. If he tried to push forward into them his face and belly stung with jabs of agony, so that he looked at his body in horror for the wound; but there was no wound. Gagged and bound, without his voice and hands to work magic, he could do nothing against these spells. Licky had tied one end of a braided leather cord around his neck and held the other end, following him. He let Otter walk into a couple of the spells, and after that Otter avoided them. Where they were was plain enough: the dusty pathways bent to miss them. In either case, printing the name in blood was a ritualistic act, and ritualism of this nature was an unmistakable symptom of a seriously unbalanced mind. Evidently, the wife killer would be easier to crack than expected, because his shell was already badly fractured. "You look as if you've seen a ghost," said Vinnie, and Agnes wished the threat were as simple as a restless spirit, groaning and rattling its chains, like Dickens's Marley come to Ebenezer Scrooge on Christmas Eve. Bracing her feet against the floorboards, clutching the seat with her left hand, fiercely gripping the door handle with her right, she prayed, prayed that the baby would be all right, that she would live at least long enough to bring her child into this wonderful world, into this grand creation of endless and exquisite beauty, whether she herself lived past the birth or not. With a portion of his profits from Tammy Bean's stock picks, Junior had bought a second painting by Sklent. Titled *In the Baby's Brain Lies the Parasite of Doom, Version 6*, it was so exquisitely repellent that the artist's genius could not be in doubt. Magusson's idea of a laugh. "And they didn't even bother to post a warning. In fact, that sign was still up, inviting hikers to enjoy the view from the observation deck." Every distorted shape, every smear of color, every swath of light and shudder of shadows resisted her attempts to relate them to the world she knew, as if shimmering before her were the landscape of a dream. "What kept me going these past two and a half years was knowing that I could get my hands on Mr. Cain when I was finally well enough to do something about him." In fact, attorneys for the potential plaintiffs felt that Nork, Hisscus, and Knacker were too willing to reach an accommodation, and they met the trio's conciliation with high suspicion. Naturally, the state didn't want to defend against a claim involving the death of a beautiful young bride and her unborn baby, but their willingness to negotiate so early, from such a reasonable posture, implied that their position was even weaker than it appeared to be. He kept the house, for it was a shrine to his life with Perri. He returned to it from time to time, to refresh his spirit. "Great guy. Do you have an address for her, a way maybe I could get in touch about her brother?" This was a good night for television. *To Tell the Truth* at seven-thirty, followed by *I've Got a Secret*, *The Lucy Show*, and *The Andy Griffith Show*. The new Lucy wasn't quite as good as the old show; Paul and Perri missed Desi Arnaz and William Frawley. She hadn't sung since the early-morning hours of October 18, and no other paranormal event had occurred since then. The waiting between manifestations scraped at Junior's nerves worse than the manifestations themselves. "I don't ... don't understand." Blinking sleepily, pretending to be still thickheaded from tranquilizers and whatever other drugs they were dripping into his veins, Junior was pleased by the note of perplexity in his hoarse voice, although he knew that even an Oscar-caliber performance would not win over this critic. "I'm gifted to a small extent, and it's an unusual gift," he admitted. "Nothing world-shaking. More than anything, really, it's a special perception I've been given. Angel's gift seems to be different from mine but related. In fifty years, she's the first I've ever met who's somewhat like me. I'm still shaking inside from the shock of finding her. But please, let's save this for Bright Beach and a better evening. You go down there tomorrow with Paul, okay? I'll stay here to look after Wally. When he's able to travel, I'll bring him with me. I know you'll want him to hear what I have to say, too. Is it a deal?" Worrying is what mothers do best. Celestina was her mother, as far as Angel was concerned, and the child was not yet of an age to be told, and to understand, that she had been blessed with two mothers: the one who gave birth to her, and the one who raised her. A music tradition was deeply rooted in the Negro community. No similar tradition in magic existed. She looked down at her clutched hands. Made for work, these hands, and always ready to take on any task. Strong, nimble, reliable hands, but useless to her now, unable to perform the one miracle she needed. "Barty's birthday is in eight days. I was hoping. . . ." Although he ate more meals in restaurants than not, he hadn't ordered a burger in twenty-two months, since finding the quarter embedded in the half-melted slice of cheddar, in December of '65. Indeed, since then, he'd never risked a sandwich of any kind in a restaurant, limiting his selections to foods that were served open on the plate. He liked her face, too. She wore no makeup, and pulled her brown hair back in a bun. Some might say she was mousy, but the only things mousy that Nolly saw about her were a piquant tilt to her nose and a certain cuteness. "Really? You really think that?" he asked in his flat voice, which he sometimes wished were more musical, but which he knew lent a sober conviction to anything he said. "You think something so delicious could come from a fat, smelly, dirty, snorting old pig?" She told him to stay on the line, stay on no matter what, told him to keep talking to her, and he hung up. "It's a miracle both of you didn't go through that railing," the attorney agreed.
