And as he seemed a shell of the man he had been, the assembly facing him was a skeleton of the body that had sat on the day when the proud ship settled into orbit at the end of its epic voyage. Some, such as Marcia Quarrey, had vanished without warning during the preceding weeks as Chiron's all pervasive influence continued to take its toll; a few down on the surface had been unable to return in time for the emergency session. Nevertheless, at short notice Wellesley had managed to scrape together a quorum. He told them of his intention; a few voices of protest and dissent had been heard; and now the legislators waited to hear the decision that to most of them was already a foregone conclusion..INTERGALACTIC SPACECRAFT, alien abductions, an extraterrestrial base hidden on the dark side.Pernak spread his hands and-nodded. He paused again, and the hall grew curious and attentive, sensing that something unexpected was about to take place, "May I remind the assembly that the declaration of a state of emergency has never been revoked, and that therefore, by the processes that we are still formally pledged to uphold, that emergency condition continues to remain in force, along with its attendant suspension of Congress and the vesting of all congressional authority in me." Puzzled expressions greeted his words, and a ripple of surprised murmurings ran around the hall. "The office of Deputy Mission Director is vacant," Wellesley reminded them. "Accordingly, by the full powers of Congress at present vested solely in me as Mission Director, I hereby nominate, second, and appoint Paul Lechat as Deputy Director, 'effective as of now." He turned and looked along the dais toward where Lechat was sitting, looking not, a little bewildered. "Congratulations, Paul. And now would you kindly take your rightful place." Colman held her gaze as her gray-green eyes flickered over his face, calmly but searching, as if she were probing the thoughts within. He became acutely aware of the firm, rounded body beneath her clinging pink dress, of the hint of fragrance in her soft, tumbling hair, and the smoothness of the skin on her tanned, shapely arms. Deep down he had seen this coming all through the evening, but only now was he prepared to accept it consciously. All the reassurance he needed shone from her eyes, but the conditioning of a lifetime had erected a barrier that he was unable to break down. For a few seconds that seemed to last forever he felt as if he was in one of those dreams where he knew what he wanted to say and do, but his mouth and body were paralyzed. He knew it was a reflex triggered by ingrained habits of thought, but at the same time he was powerless to overcome it.. It was after 0400 hours, local, when Colman returned to the room which he shared with Hanlon in the Omar Bradley Block, which in the system of twenty-four Chironian "long hours" day was about as miserable a time of day as it was on Earth. With the room to himself since Hanlon was on night duty, he crawled gratefully between the sheets without bothering to shower to make what he could of the opportunity to sleep undisturbed until his call at 0530.. Ten years went by while North America and Europe completed their recovery, and the major Eastern powers settled their rivalries. At the end of that period New America extended from Alaska to Panama, Greater Europe had incorporated Russia, Estonia, Latvia, and the Ukraine as separate nations, and China had come to dominate an Eastern Asiatic Federation stretching from Pakistan to the Bering Strait. All three of the major powers had commenced programs to reexpand into space at more or less the same time, and since each claimed a legitimate interest in the colony on Chiron and mistrusted the other two, each embarked on the construction of a starship with the aim of getting there first to protect its own against interference from the others.. to recall the placement of furniture, hoping to avoid raising a clatter.. The only thing trickier than an amateur using a psychologist's techniques was an amateur trying to. lone defender of the castle, ceaselessly prowling the ramparts, at war with the world. But a constant state. Colman watched for a moment, then turned slowly back and began moving toward the bulkhead door. He didn't feel resentful, nor particularly surprised. He'd seen it all too many times before. Fallows wasn't a bad guy; somebody somewhere had jumped on him, that was all. "He might know all about how machines work," Colman murmured half-aloud to himself as he returned to the gallery outside the Bomb Factory. "But he doesn't understand how they think."
