Let me give you a quick rundown of this exciting interactive game. It is the year 2783. Man has reached out to settle thousands of planets scattered across the galaxy. Then, suddenly, the galaxy is invaded by a horde of alien beings, the Zorphs. They enslave all planets in their path. Those that resist are destroyed without mercy. You, as Captain of the Avenger, the great Terran warship, will range interstellar space, seeking out and destroying the forces of Zorph. Had the grey man not been wearing his sunglasses against the sunset, he might have noticed. though void storms may toss you about a bit in space and time. In addition, you will have to handle a variety of problems with your ship such as invasion by mind-warping beings, power-system failure, and occasional crew mutinies. The console commands that control your warship are simple and are given in the attached instructions being transmitted to your local printout facility. circuit.
